Summary Statement:

<u>Assessing-GIS Data</u>- Tom Mullin has worked with Viewpoint and provided them with the necessary Assessing and GIS data files and links. Viewpoint IS has reviewed this data, and has responded that it looked good and will feed into the system. Viewpoint also provide us with the method that will be used for routine data updates. It will be our responsibility to periodically update the assessing data in Viewpoint through a designated upload link, we can pick the frequency. Viewpoint is starting our account platform with this base data. Note: Only maps and overlay data will be captured from the GIS, all other pertinent data will come from the Assessing Bankers & Trades data.

<u>Permit/Application Mapping Workflow</u>- Each department has had teleconference meetings with Viewpoint to help design the permit/application workflow phase of the project, which identifies permit types, approvals, cost basis etc. Building Zoning & Licensing, Planning, Fire and Public Works have carefully mapped out the workflow process of their particular permits and applications. These workflows were sent to Viewpoint on April 6, 2014. Viewpoint will now begin setting up our Permit-Application workflows into a Test Environment, and will also work on importing historical data from the BMSI system.

<u>Workflow Reviews</u>- While Viewpoint is setting up our initial Test Environment Departments have been charged with continuing to review the individual permit-application workflows. Tasks are to confirm no omissions exist, and to also confirm inter-departmental workflow connections are logical. One point of difference exists with the Planning Department Notice of Decision documents, we are reviewing with Viewpoint the best method of incorporating Notice of Decision documents into the system.

<u>Test Environment-</u> Viewpoint will provide us with a Test Environment to begin evaluating late April-early May-15 timeframe. There is no specific length of time established for the Test Environment. It’s likely we will need a period of at least 60 days to enter projects and follow them along in the Viewpoint system. Once we are satisfied with the results of the Test Environment we can proceed with a Go Live date, which is tentatively August-15 –September-15.

Summary Statement:

The Library staff and trustees would like to pursue sending delinquent library accounts to a collections agency (Unique Management Solutions, a company that works exclusively with libraries). Our records show ~700 patron accounts who owe a minimum of $100 worth of fines or replacement fees, and almost 3,000 owe a minimum of $25. A portion of the income from delinquent accounts would pay for the collections agency, and I recommend the rest be deposited in the escrow account, to be used to purchase replacements for lost/damaged items.

1. <u>Budget Development Process</u> - The City Manager has met with all department heads to review their budget submissions. The City Manager, Senior Accountant Sullivan and Deputy City Manager Cox have finalized the City Manager's budget that will be presented to the City Council on April 21st. The City Manager's budget complies with the mandates of the Tax Cap. Staff are now assembling the Operating Budget document as well as the Capital Improvement Projects plan and Issues & Options budget documents.
2. <u>Water & Sewer Rates</u> - Finance Staff have updated the Cash Flow Analysis that has been the basis of water and sewer rates adjustments for the past two budget cycles. This updated analysis was presented to the Utility Advisory Board (UAB) at their meeting on March 9, 2015 and will be discussed further at their meeting on April 13, 2015.
3. <u>Elderly Water Rates on Private Water Systems</u> - The Utility Advisory Board (UAB) was presented with the attached letter from Briar Ridge Estates dated February 23, 2015. The UAB voted to forward the letter to the Finance Committee. The UAB also adopted a motion requesting that the Finance Committee consider recommending to the full City Council the adoption of a process to allow residents on private water systems such as

Briar Ridge Estates that are approved to receive the Elderly Tax Exemption for property taxation purposes to be able to receive the Elderly Water Rate through a refunding process at the Utility Billing Office.

4. Non-Union Personnel Benefits Adjustments - With the recent changes made within several of the City's Collective Bargaining Agreements, the City Manager is considering parallel changes to the policies that cover the City's non-union personnel. The Manager seeks to know the Council's direction on these items.

   4.1 Vacation Accumulation: Currently non-union employees can accumulate up to 2 times their annual vacation allocation. Potential Change: Employees hired after June 30, 2015 shall be entitled to non-cumulative vacation days (use it or lose it).

   4.2 Pay Range Adjustments: Currently the non-union pay ranges remain the same year-to-year unless the Council takes action. Potential Change: Pay Plan ranges for non-union - shall be adjusted annually by the change in the Consumer Price Index.

   4.3 Medical Insurance: Currently the only medical plan available to non-union personnel is the HMO (at 80%/20%). Potential Change: Site of Service Plan phased in similar to DPW transition (this is already slated to be an "option" for non-union personnel).

   4.4 Performance Evaluation Forms, Processes & Dates - The seven collective bargaining agreements that contain merit salary adjustments based upon performance are all using standardized evaluation forms and merit pay worksheets that have been modified/ customized only slightly between groups. All are also handled in the same ordered process using the same timelines. Potential Change: The forms, processes and dates could be applied to the non-union merit pay adjustment process.

Feb. 23, 2015

Dear Residents,

For the past several months, we have been working with the City of Rochester to find a way for residents who have been approved by the City as Elderly Exempt for their homeowner's taxes to also receive the Elderly Exempt water rate, in accordance with the Elderly Exempt program.

One of the key concerns of the City, which has been frequently mentioned in all discussions, has been resident privacy. Briar Ridge Estates has no access, and no legal right to access or to receive or verify any information that people may provide to the city regarding their age, income level, or tax rate.

For this reason, the City has said that they cannot bill Briar Ridge Estates for any portion of their water bill at a rate that is different than the standard water rate, since the park has no way to determine which residents are qualified as Elderly Exempt, and the City cannot legally share that information with us.

During one of our meetings, the Utility Advisory Board proposed a process that would allow Elderly Exempt residents of Briar Ridge to request a rebate directly from the City for the difference in charge amount from the standard water rate to the Elderly Exempt Rate. This process has been submitted to the Finance Committee, but no action has been taken by the committee to adopt or approve this process.

We believe at this point that the best way for this process to be adopted, is for any resident who is already qualified as Elderly Exempt to contact their City councilman or the Finance Committee to discuss the issue and request that they receive a rebate for the charge amount difference between the standard and exempt water rate.

We very much want our residents to be able to participate fully in all government assistance programs for which they qualify. If you were qualified as Elderly Exempt for 2014, please pursue this issue with the City. If you need any data or information from the park regarding your water bills, we will be more than happy to provide it to you.

Sincerely,

Linda VanRyn
