It is the responsibility of all contractors, electricians and plumbers to obtain the necessary permits from the Building, Zoning and Licensing Services office at City Hall before ANY work has begun. Work must begin within six (6) months of the issuance of any permit.

Plumbers must have a valid license from the State of New Hampshire to obtain a permit. Permits are not transferable.

It is the responsibility of the contractor to obtain all inspections required. A rough-in inspection is required before any work is covered, and a final inspection is required when all work is complete. A forty-eight (48) hour notice is required for any inspection. *This signed application constitutes consent on the applicant's part to allow for all inspections at the property location listed.*

No permit will be issued until all of the above information is furnished, and all the above conditions met.

**INSPECTIONS REQUIRED:** (48 hours notice required)

1. When under slab piping has been installed.
2. When rough-in is complete and visible (Rough).
3. When job is complete, but before occupancy (Final).

The Department of Building, Zoning and Licensing Services approval would certify that the applicant could proceed with installation of plumbing fixtures in accordance with specifications submitted.
