

Colonial Pines Sewer Extension – Phase 2

Project Update

Week of November 11 – November 15

Upcoming Work

Water System

Water work is not anticipated.

Sewer Work

Contractor crews will be installing service connections (to the property line) on Wildwood Lane.

Road Work

Contractor crews will be doing roadwork repairs this week within the project area. Work is scheduled for Wednesday.

Project Clean-up

Scheduled for Friday afternoon.

Water Service Interruption

Field personnel will notify residents prior to interrupting the water service.

Traffic Patterns

Road Closures: Wildwood Lane. Please also note that although road work will be occurring on other streets within the neighborhood, roads will still be open and passable.

Parking: We ask that residents do not park vehicles on Wildwood Lane between 7:00am and 6:00pm during the work week. **We also ask that residents do not park on the other project area roads on Wednesday in anticipation of road work.**

General Notes

Neighborhood residents are requested to have patience with construction activities and temporary water service interruptions. Inclement weather may cause contractor unanticipated delays and last-minute changes in work plans.

Resident Inspector Keith Noyes will be continuing to have meetings with residents to review new sewer service connections and provide home owners with estimates for the work to be done. Residents that have not contacted Keith Noyes @ 603-507-0024 to arrange an appointment to meet should do so as soon as possible.

If you have any questions or concerns, please contact Timothy Goldthwaite, P.E., Assistant City Engineer at 509-1907.

COLONIAL PINES SEWER EXTENSION – PHASE 2 PROJECT AREA

Anticipated Work Zone:

- Sewer service construction

*As noted above, road work
will be occurring on
Wednesday throughout the
project area.*
