

Colonial Pines Sewer Extension – Phase 2

Project Update

Week of September 23 - 27

Upcoming Work

Water System

No work scheduled at this time.

Sewer Work

Contractor crews will be installing the new sewer main on Juniper Street (from Hickory Lane to Wildwood Lane). Contractor crews will also be installing service connections (to the property line) on Hickory Lane.

Project Clean-up

Scheduled for Friday afternoon.

Water Service Interruption

None planned at this time. If a water service interruption becomes necessary residents will be notified in advance by the City of Rochester Water Department.

Traffic Patterns

Road Closures: Hickory Lane and Juniper Street (from Hickory Lane to Wildwood Lane)

Parking: We ask that residents do not park vehicles on Hickory Lane and Juniper Street (from Hickory Lane to Wildwood Lane) between 7:00am and 6:00pm during the work week.

General Notes

Neighborhood residents are requested to have patience with construction activities and temporary water service interruptions. Inclement weather may cause contractor unanticipated delays and last-minute changes in work plans.

Resident Inspector Keith Noyes will be continuing to have meetings with residents to review new sewer service connections and provide home owners with estimates for the work to be done. Residents that have not contacted Keith Noyes @ 603-507-0024 to arrange an appointment to meet should do so as soon as possible.

If you have any questions or concerns, please contact Timothy Goldthwaite, P.E., Assistant City Engineer at 509-1907.
