NOTICE OF DECISION

July 12, 2018

Loretta Flynn
66 Meaderboro Road
Rochester, NH 03867

Re: 2-Lot subdivision. Case# 232- 6 – A – 18

Dear Applicant:

This is to inform you that the Rochester Planning Board at its July 9, 2018 meeting **APPROVED** your application referenced above.

"Applicant", herein, refers to the property owner, business owner, individual(s), or organization submitting this application and to his/her/its agents, successors, and assigns.

Precedent Conditions [Office use only. Date certified: _____ ROD received? _____]

All of the precedent conditions below must be met by the applicant, at the expense of the applicant, prior to the plans being certified by the Planning Department. Certification of the plans is required prior to issuance of a building permit or recording of any plans. Once these precedent conditions are met and the plans are certified the approval is considered final.

*Please note** If all of the precedent conditions are not met within 6 calendar months to the day of the board's approval – by January 9, 2019 - the board's approval will be considered to have lapsed and resubmission of the application will be required. It is the sole responsibility of the applicant (or his/her agent) to ensure that these conditions are met by this deadline. We urge the applicant to carefully track his/her progress in meeting the individual conditions. See RSA 674:39 on vesting.

- 1) Plan modifications. The plan drawings are to be modified as follows:
 - a) The applicant shall note on the plans that lot 232-6 will have an address of 62 Meaderboro Road and lot 232-6-3 will be assigned an Evans Road address at the time a building permit is applied for.
- 2) Plan notes. Add the following notes (or equivalent) to the plan drawings:
 - a) Note on the plans that the driveway for lot 232-6-3 must be from Evans Road.
 - b) Note #14 on Sheet 2 must be changed so that it states underground utilities are required on both lot 6-3 and lot 6. Please also add this same note to Sheet 1.
- 3)# State plane coordinates. The plans are to be tied into the State Plane Coordinate System.
- 4) Current Use. The subject property or a portion of it is presently in Current Use. The applicant must provide to the City of Rochester Assessing Department a revised current use map and/or any other items needed to assure that the requirements of RSA 79-A and the New Hampshire Department of Revenue's Administrative Rules are satisfied. Contact the Assessing Department at 332-5109 with any questions. It will facilitate the process for you if you contact the department well in advance of commencing the project.
- 5) Final Drawings. (a) One set of mylar plus (b) three sets of large black-line plus (c) one set of 11" x 17" final approved site plan drawings plus (d) one electronic version by pdf or CD must be on file with the City. *Each individual sheet in every set of drawings must be stamped and signed by the land surveyor, engineer, or architect responsible for the site plans.* (The applicant need only submit additional black-line sets of drawings or individual sheets, as needed, to make five complete sets – consult the Planning Department). At the discretion of the Planning Department minor changes to drawings (as required in the precedent conditions, above) may be marked by hand. Note: If there are significant changes to made to the plans, as specified above, one full size paper check print must be sent to the Planning Department for review prior to producing these final drawings. (The primary set of plans was last received June 12, 2018).

General and Subsequent Conditions

All of the conditions below are attached to this approval.

- 1) The Surveyor is to submit a signed letter to the Planning Department stating that the new lot corner monuments have been set.
- 2) A stormwater permit from the Department of Public Works will be needed prior to construction.

- 3) Driveway permits: Meaderboro Road is a State maintained road and the driveway permit application will need to be made with the State of NH DOT. Evans Road is a City maintained road and a City issued driveway permit will be needed prior to construction.
- 4)# Recording. The plat, this notice of decision (per RSA 676:3III), and deed (a deed is required if the lots are owned by two separate parties or if one lot is sold prior to recording of this plat; see precedent conditions above) must be recorded together at the Strafford County Registry of Deeds within two calendar months to the date the plat is certified (e.g. if certified September 9th they must be recorded by November 9th). See RSA 478:1-a regarding plat requirements. **Failure to comply with this requirement herein shall render the subdivision null and void.**
- 5) Execution. The project must be built and executed exactly as specified in the approved application package unless changes are approved by the City.
- 6) Approval. All of the documentation submitted in the application package by the applicant and any requirements imposed by other agencies are part of this approval unless otherwise updated, revised, clarified in some manner, or superseded in full or in part. In the case of conflicting information between documents, the most recent documentation and this notice herein shall generally be determining.
- 7) Other Permits. It is the responsibility of the applicant to obtain all other local, state, and federal permits, licenses, and approvals which may be required as part of this project. Contact the City of Rochester Building, Licensing, and Zoning Department at 332-3508 regarding building permits.

(Note: in both sections above, the numbered condition marked with a # and all conditions below the # are standard conditions on all or most applications of this type).

Sincerely,

James B. Campbell,
Director of Planning & Development
