## Zoning Board of Adjustment

### Variance Application

TO: BOARD OF ADJUSTMENT  
CITY OF ROCHESTER

DO NOT WRITE IN THIS SPACE

CASE NO. 2-20-12

DATE FILED 7-21-20

*DN*  
ZONING BOARD CLERK

Applicant: August Kurdt

E-mail: augie63@metrocast.net Phone: 603-330-5117

Applicant Address: 59B Church Street, Rochester, NH 03839

Property Owner: August & Lisa Kurdt

Property Owner Address: 59B Church Street, Rochester, NH 03839

Variance Address: Same

Map Lot and Block No: 0142-0033-0000

Description of Property: Residential home on 0.63 acres

Proposed use or existing use affected: Installation of a Shed

The undersigned hereby requests a variance to the terms of the Rochester Zoning Ordinance, Ch. 275, Section 19-A

and asks that said terms be waived to permit the installation of a shed within two feet of the property line.

The undersigned alleges that the following circumstances exist which prevent the proper enjoyment of his land under the strict terms of the Zoning Ordinance and thus constitute grounds for a variance.

Signed: August N Kurdt

Date: 7/21/2020

## Zoning Board of Adjustment

### Variance Criteria

- 1) Granting the variance would not be contrary to the public interest because:

the abutter most affected has no concerns with the proposed location. The shed style is complementary to the residential home on site.

- 2) If the variance were granted, the spirit of the ordinance would be observed because:

the shed will be situated on property owner's land.

- 3) Granting the variance would do substantial justice because:

this is the only location level enough to support installation on the property.

- 4.) If the variance were granted, the values of the surrounding properties would not be diminished because:

the Shed Style is complementary to the residential home on site.

- 5.) Unnecessary Hardship:

a. Owning to special **conditions of the property that distinguish it from other properties in the area**, denial of the variance would result in an unnecessary hardship because:

i. No fair and substantial relationship exists between the general public purposes of the ordinance provision and the specific application of that provision to the property because:

the property lacks level areas and the proposed location is the only logical choice. The shed will enhance the look of the property because it will allow for storage and will be complementary to the look of the residence.

And:

ii. The proposed use is a reasonable one because:

The ability to store lawn equipment & household items at the higher level of the property will be convenient and will allow the property to remain aesthetically pleasing.

b. Explain how, if the criteria in subparagraph (A) are not established, an unnecessary hardship will be deemed to exist if, and only if, owing to the special conditions of the property that distinguish it from other properties in the area, the property cannot be reasonably used in the strict conformance with the ordinance, and a variance is therefore necessary to enable reasonable use of it.

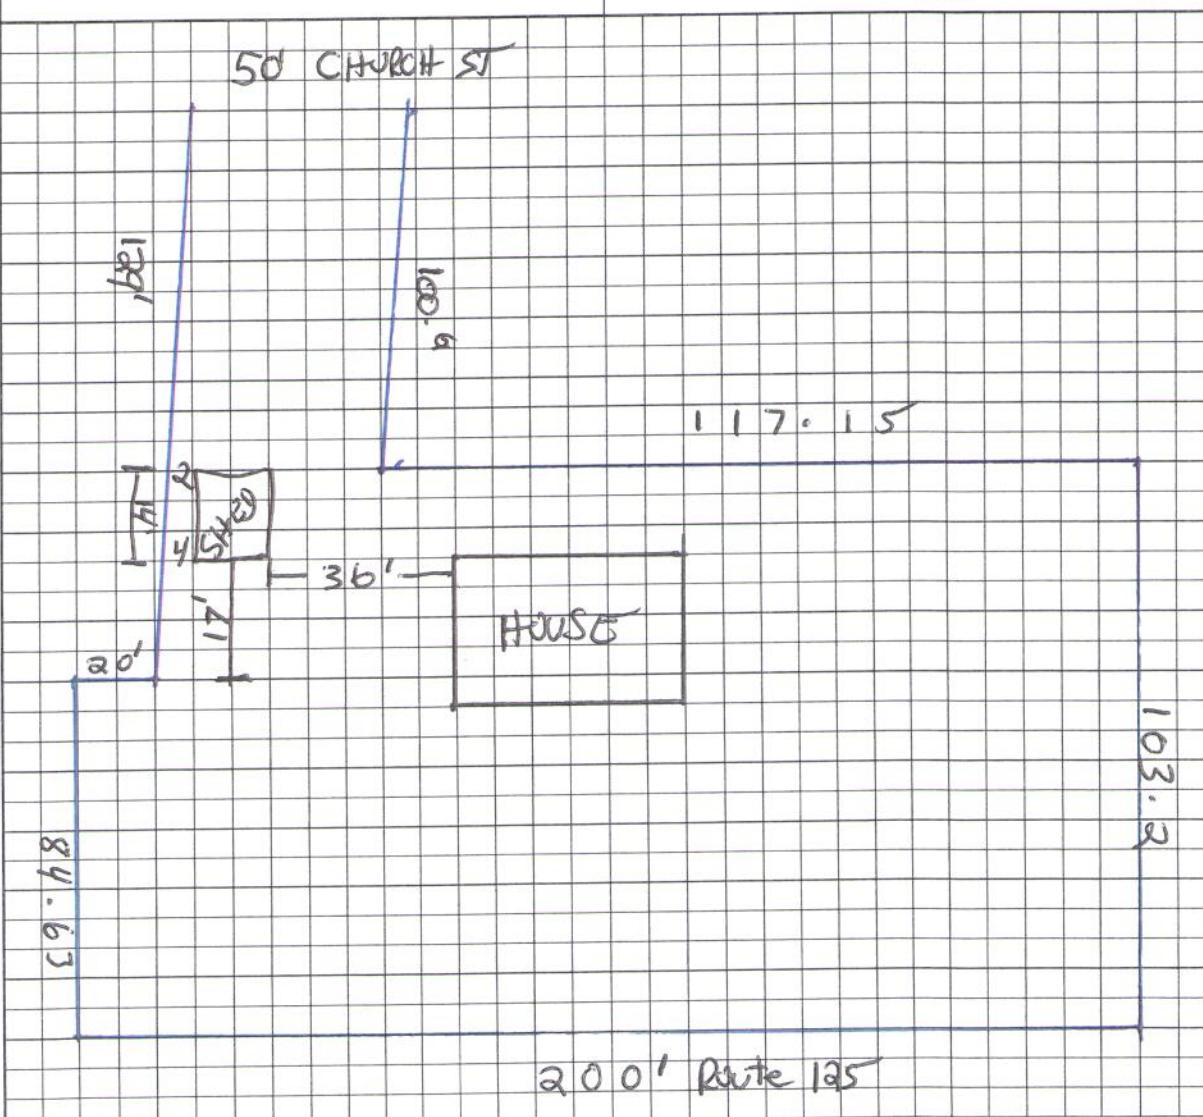

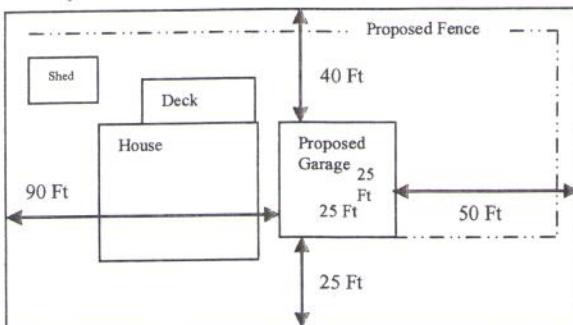

If the variance is not granted we will be unable to install a shed as no other location will accommodate the level parameters required.

# Sketch Plan

Instructions:

- 1) Show the Property lines and road(s).
- 2) Show the proposed Structure and all existing structures.
- 3) Show the Measurements from the proposed structure to all lot lines, measure straight through existing structures if needed.
- 4) Include the dimensions of the proposed structure.
- 5) If installing a fence – show the location.

**ROCHESTER ZONING BOARD OF ADJUSTMENT**  
**VARIANCE & SPECIAL EXCEPTION CRITERIA**

2. **Variances.** The board may authorize, upon appeal in specific cases, a variance from the terms of the zoning ordinance if it determines that all of the following conditions are met:
  - A. The variance will not be contrary to the public interest;
  - B. The spirit of the ordinance is observed;
  - C. Substantial justice is done;
  - D. The values of surrounding properties are not diminished; and
  - E. Literal enforcement of the provisions of the ordinance would result in an unnecessary hardship.
    - i. For purposes of this condition, "unnecessary hardship" means that, owing to special conditions of the property that distinguish it from other properties in the area:
      - (a) No fair and substantial relationship exists between the general public purposes of the ordinance provision and the specific application of that provision to the property; and
      - (b) The proposed use is a reasonable one.
    - ii. If the criteria in subparagraph i, above, are not established, an unnecessary hardship will be deemed to exist if, and only if, owing to special conditions of the property that distinguish it from other properties in the area, the property cannot be reasonably used in strict conformance with the ordinance, and a variance is therefore necessary to enable a reasonable use of it.
  - Notwithstanding Section 2., above, the board may grant a variance from the terms of a zoning ordinance without finding a hardship arising from the condition of a premises subject to the ordinance, when reasonable accommodations are necessary to allow a person or persons with a recognized physical disability to reside in or regularly use the premises, provided that:
    - A. Any variance granted under this paragraph shall be in harmony with the general purpose and intent of the zoning ordinance.
    - B. In granting any variance pursuant to this paragraph, the zoning board of adjustment may provide, in a finding included in the variance, that the variance shall survive only so long as the particular person has a continuing need to use the premises.
  3. **Special Exceptions.** The board grants special exceptions for particular uses and activities as listed in the Tables of Uses in Section 18-Use Regulations and as articulated in Section 22-Special Exceptions.  
The board shall grant a special exception only if it reasonably determines that *all of the following base criteria are met* (in addition to those criteria and conditions included for specific uses in Section 22):
    - A. Location. The specific site is an appropriate location for the proposed use or structure;
    - B. Neighborhood. The proposed use would not be detrimental, injurious, obnoxious, or offensive to the neighborhood;
    - C. Traffic. The proposed use would not create an undue hazard or nuisance to vehicular or pedestrian traffic;
    - D. Public Facilities. Adequate and appropriate facilities and utilities would be provided to ensure the proper operation of the proposed use or structure; and,
    - E. Master Plan. The proposed use or structure is consistent with the spirit of this chapter and the intent of the Master Plan.

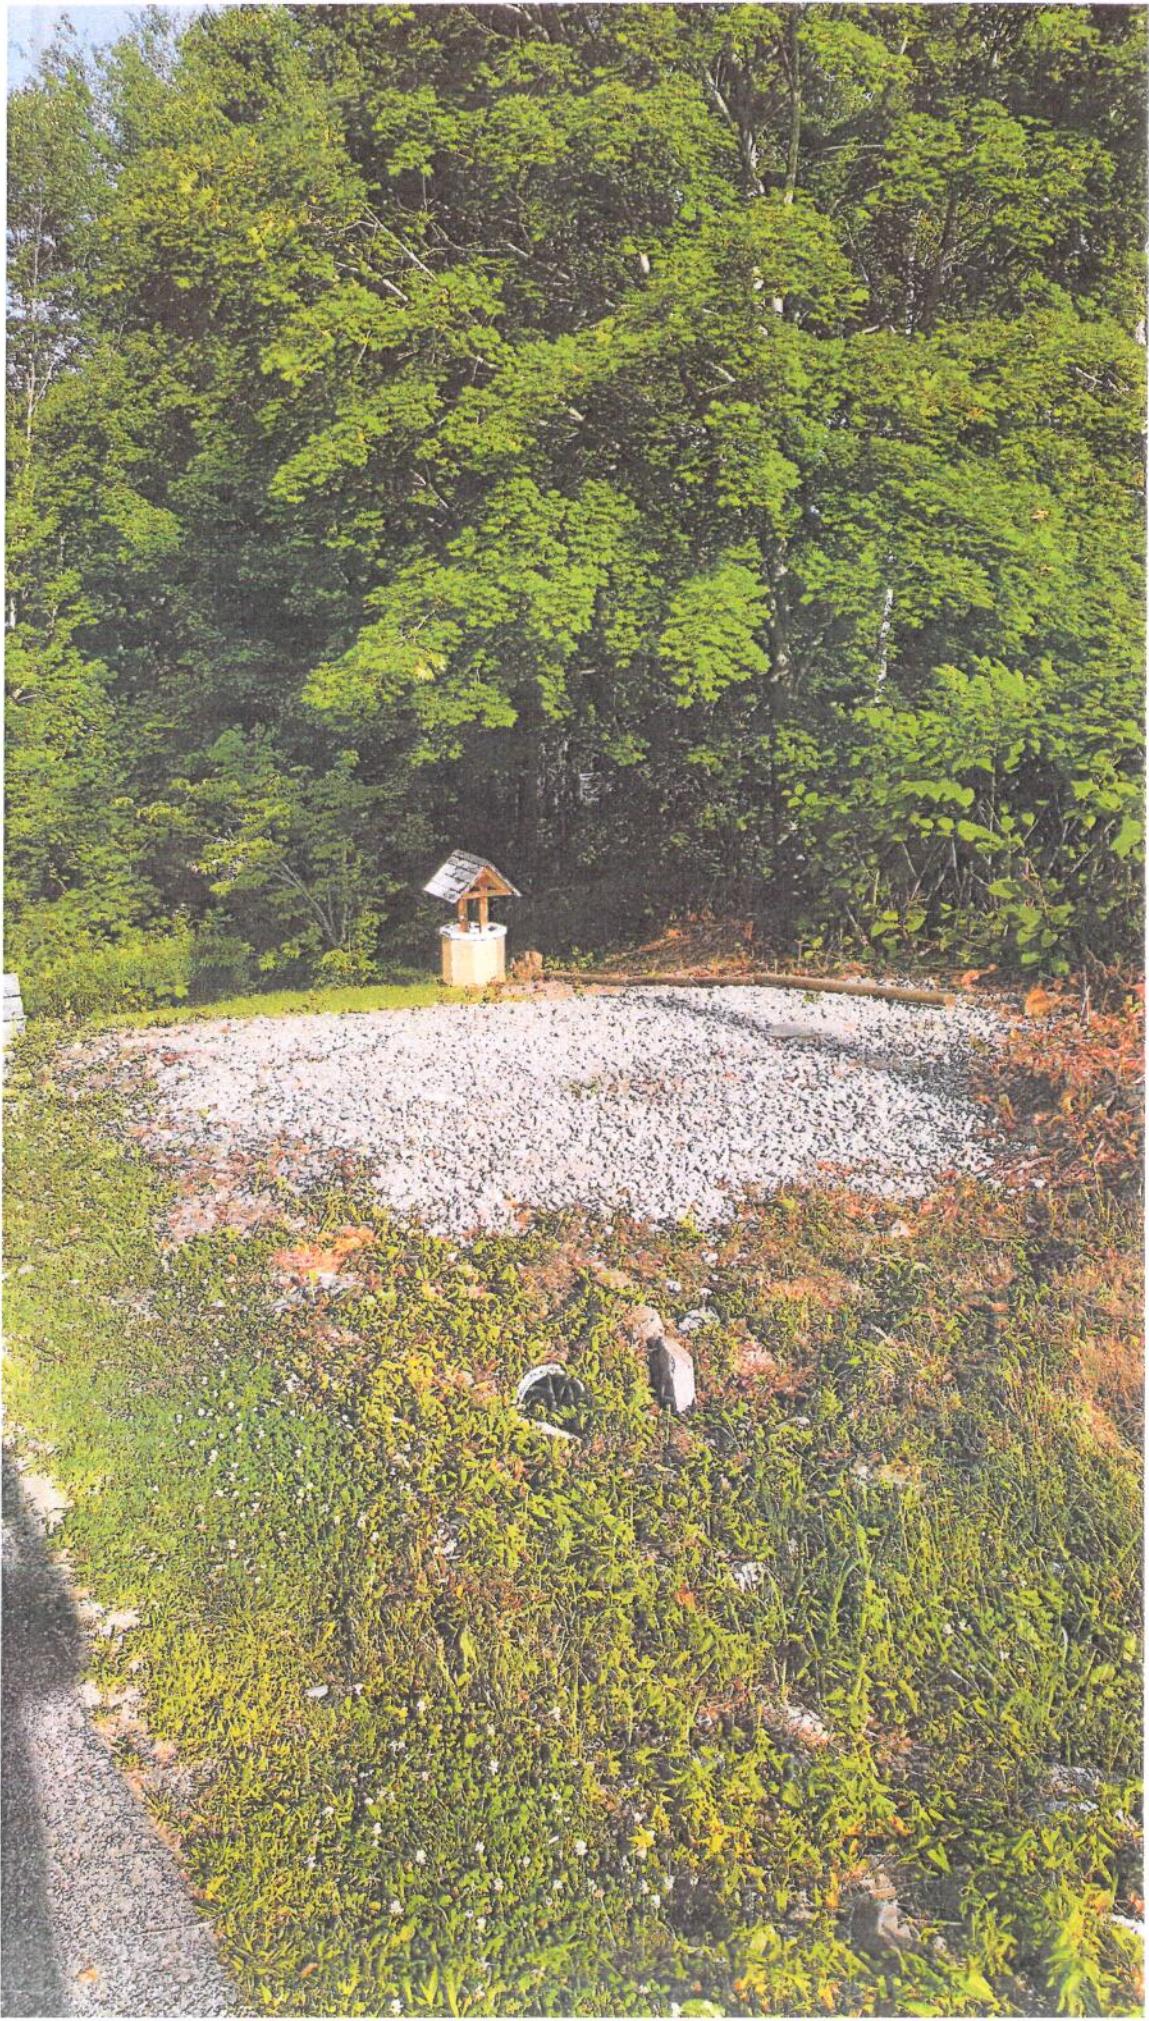

# Requirements for Granting a Variance: A Suggested Approach

THE APPLICANT MUST ESTABLISH ALL OF THE FOLLOWING.

| Requirement   | Explanation   |
|---|---|
| 1. The variance is not contrary to the public interest.   | The proposed use must not conflict with the explicit or implicit purpose of the ordinance, and must not alter the essential character of the neighborhood, threaten public health, safety, or welfare, or otherwise injure "public rights."   |
| 2. The spirit of the ordinance is observed.   |   |
| 3. Substantial justice is done.   | The benefit to the applicant should not be outweighed by harm to the general public or to other individuals.  |
| 4. The values of surrounding properties are not diminished.   | Expert testimony on this question is not conclusive, but cannot be ignored. The board may also consider other evidence of the effect on property values, including personal knowledge of the members themselves.  |
| 5. Literal enforcement of the ordinance would result in unnecessary hardship. Unnecessary hardship means:<br><br><i>Because of</i> special conditions of the property that distinguish it from other properties in the area:                | <p>The applicant must establish that the property is burdened by the zoning restriction in a manner that is distinct from other similarly situated property.</p> <p>(a) Determine the purpose of the zoning restriction in question. The applicant must establish that, because of the special conditions of the property, the restriction as applied to the property does not serve that purpose in a "fair and substantial" way.</p> <p>(b) The applicant must establish that the special conditions of the property cause the proposed use to be reasonable. The use must not alter the essential character of the neighborhood.</p> |
| <i>Alternatively</i> , unnecessary hardship means that, owing to special conditions of the property that distinguish it from other properties in the area, the property cannot be reasonably used in strict conformance with the ordinance. | As an alternative to (a) and (b) above, the applicant can satisfy the unnecessary hardship requirement by establishing that, because of the special conditions of the property, there is no reasonable use that can be made of the property that would be permitted under the ordinance. If there is any reasonable use (including an existing use) that is permitted under the ordinance, this alternative is not available.   |

July 20, 2020

To whom it may concern:

Mr. August Kurdt and I have discussed his opportunity to erect a shed on his property at 59B Church Street Rochester, NH 03839 that is within 10 feet of my property line at 59 Church Street Rochester, NH 03839. Mr. Kurdt has explained that he will need a variance from the town in order to build the shed in the location he desires. Neither I, Ivan Geschwinder, nor my wife, Rianna Ouellette, have any objections concerning the placement of the shed. Please feel free to contact us with any questions.

Sincerely,

Ivan Geschwindner and Rianna Ouellette

## NOTES:

- Note 1: For lots that adjoin a residential district, the side setback on the side adjoining the residential district shall be the larger of the required side setback in the subject commercial zone or the adjoining residential zone.  
 Note 2: For lots without both water and sewer, 10,000 square feet of lot area is required per additional dwelling unit beyond one.
